## TS-480i — TALKSWITCH PREMIUM IP TELEPHONE

The TS-480i is the fully featured IP speakerphone set for use with TalkSwitch. Designed for ease of use with its large 8-line backlit screen and six context-sensitive softkeys, it provides access to an extended range of TalkSwitch features or line and extension appearances. Sleek and elegant, it's the premium full duplex IP speakerphone with excellent voice clarity and seamless integration with TalkSwitch.

**IP Convenience:** Connect to the TalkSwitch telephone system over the office LAN without the need for separate telephone wiring. The TS-480i is equipped with dual Ethernet ports, so only one LAN jack is required per workstation.

**Key-System Functionality:** softkey access to line or extension appearances and TalkSwitch features.

**Easy Installation:** Installation of an IP telephone has never been so simple, with automatic TalkSwitch discovery and configuration over the LAN.

**On or Off Premise:** When used over the Internet, the TS-480i provides the same access to TalkSwitch features as if working in the office, making it the ideal solution for teleworkers.
